

Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election, is an excellent example of why we in the Nordgren family were opposed to the recent change in FCC regulations

Sinclair uses the public airwaves free of charge, and is obligated by law to serve the public interest. The airwaves belong to us, -- all the people, -- and when large conglomerates control the content, we are force fed whatever their particular bias is. They should be forced to balance this particular presentation with an opposing view of equal duration.

Sinclair's actions show why we need to strengthen media ownership rules, not weaken them. They show why the license renewal process needs to involve more than a returned postcard. Thank you.
